

BIG PICTURE

LAGOON SIXTY5 · HULL #29 · 2024

The finest example on the market. Turn-key. No wait.

 South of France · Handover in mid-September 2026

THE JOURNEY

13 months · 4 oceans · one family's sabbatical

13 months, four oceans, 18'000 nm

July 2024 to August 2025: Bordeaux to Australia via the Mediterranean, the Caribbean and the Panama Canal, then the South Pacific — French Polynesia, Niue, the Cook Islands, Fiji, Tonga, Vanuatu and New Caledonia.

Built for a sabbatical

Big Picture was built for exactly this. The owner and his wife sailed with their two children, aged 9 and 11, living aboard almost full-time for 13 months.

Ready for the next chapter

After Australia, she was shipped back by cargo vessel to France for four months at Lagoon's official service centre. Now in better condition than the day she was delivered — ready for the next family's adventure.

WHY BIG PICTURE?

Skip the 2-year wait

New Lagoon Sixty5 orders carry a 2+ year lead time. BIG PICTURE is ready now — fully serviced, warranted, and prepared for immediate ocean cruising, with handover from mid-September 2026.

EUR 1.7m+ in upgrades

Far beyond factory spec. Black Kevlar sails, 70 kWh LiFePO4 battery bank, white lacquered bespoke interior, full teak deck, and dozens of premium options not available on a standard build.

Proven & turn-key

The hardest phase of ownership is over. All delivery defects resolved, systems fine-tuned, rigging reviewed. Lagoon factory warranty balance transfers to the new owner.
